

Horses and Humans Research Foundation Research Resolve 2013

Mission: Through investment in rigorous research, Horses and Humans Research Foundation will serve as a catalyst to advance knowledge of horses and their potential to impact on the health and wellness of people.

ABOUT RESEARCH RESOLVE 2013:

Research Resolve 2013 is a campaign to fund HHRF's next research project to:

- Open doors to the future;
- Establish best practices;
- Guide the development of tomorrow's curricula and therapy plans;
- Provide the required "outcomes" for funding sources and;
- Move our field into a professionally recognized realm.

HHRF is a public foundation. Carrying out our mission successfully is totally dependent upon contributions from visionary donors.

Campaign Goals:

\$70,000 is required to carry out the research initiative from start to award. \$50,000 goes directly to the research team to implement the competitively selected research project. The remaining \$20,000 is to manage the 3 phase research application review process and grant administration.

Donor goals:

15% \$10,500	EAA/T Programs	
35% \$21,000	Foundations and Businesses	
55% \$38,500	Individuals
